

Dear New Families,

We are happy to continue our partnership with nationally renowned software provider, HotLunch.com for our online lunch order administration. The menu is now available allowing you to sign up and order lunches for your children. **Payment is online by credit card only. This is the only payment method accepted.**

***If you change or cancel your order after paying, the money will NOT be refunded to your card. A credit will be issued to your account.**

You'll **first** need to register for an account by logging in at <https://fbalunch.ahotlunch.com/login> which will allow you to order lunch for your children throughout the school year. After you activate your account, you will need a campus code to add your children. **Your campus code for the hot lunch software is fbalunch.**

There can only be **ONE** registered account in HotLunch.com for your child/children. Should more than one person wish to access the account, you'll all need to decide on one account email address/password that each of you can use to log in to the account.

Please **add only children you're ordering hot lunch for**. If your child will not be participating in hot lunches, do **NOT** add them to your account. Should your child decide they'd like hot lunches later in the school year, they can be added to your account at that time.

Once registered, you can use HotLunch.com's iOS App from <https://itunes.apple.com/us/app/hotlunch-school-software/id1451511654?mt=8> and the domain you need to enter is **fbalunch**.

Once you log in, if you have any questions or need help, click the Software Support option on the bottom left of your navigation panel.

Thank you,

First Baptist Academy
